THE ANNUAL MEETING OF THE ORANGE COUNTY HORSE AND ROAD IMPROVEMENT ASSOCIATION.

The annual meeting of the Orange County Horse and Road Improvement Association was held at Goheen, this morning. There was a good attendance, much interest was manifested and there were made some of the most encouraging reports.

The report of the Treasurer, C. H. C. Barker, showed that the membership of the association had very considerably increased during the year, and that there had been a corresponding increase in its resources, its funds now amounting to over \$1,100.

The report of the Secretary, Hon. Lewis B. Barker, showed the work done by the association during the year. Letters were also read from the State Engineer and the effect that under the State Aid law surveys had been made of the road from Chester to Middletown and from Middletown to Shute Hill, and of the Newburgh and Goshen turnpike west from Montgomery.

The State Engineer promised to continue the work of surveying the roads designated for improvement, and also gave assurance that he would do his best to have the work of improving Orange county's roads begun under the State Aid act.

The selection of officers resulted in a few changes in the board. Hon. R. B. Barker, of Newburgh, is one of the new members. The Board will meet later for the election of officers.

E. H. Harriman, who presided at the meeting and who is very earnest and enthusiastic in his advocacy of road improvement, was authorized to appoint the next legislative committee.

Little Britain Presbyterian Church Burned on Sunday Morning.

Just after the pastor of the Little Britain Presbyterian Church had begun his sermon Sunday morning, the pastor discovered smoke coming from the floor around the radiator in the vestibule. He called out W. Harvey Donahue and the smoke saw that the floor around the radiator and above it was on fire. A warning and had already warned the pastor that something serious was the matter, he called out to R. E. Morrison and J. E. Stuart. Closing his Bible he announced that the church was on fire.

The building was destroyed, though the seats, cushions, books and other movable property were saved. The church was one of the prettiest in the county. The fire was due to some defect in the line of radiating pipes around the furnace.

CHANGES IN THE STREETS.

Car Tracks and Sewer Main Make Changes for Some Street Riders.

The snow and the sleighs and the car tracks have been badly mixed up during the last twenty-four hours and several slight accidents have been reported.

Mrs. W. J. Nelson, who was being driven along North street, at the Erie crossing, by Dr. Nelson's driver, Harry M. Hargrave, was nearly thrown out of the sleigh when the rails were struck, Thursday afternoon. The driver went out on his head, injuring his back considerably. Officer Wilson took the horse back to the stable.

John Agnew was driving one of John Donovan's horses on North street, at Wickham avenue, Thursday afternoon, when the runner caught in the rails and Agnew was thrown out. The sleigh was upset and the horse ran through North street to Cortland, where it was caught. The sleigh was considerably damaged.

James Hathaway's delivery sleigh, loaded with furniture, was upset, this morning, on Franklin square, but the furniture was not damaged.

MUNDO STEERERS' VICTIM.

A Walston Man's Experience With Sharpers in New York City.

Walter Dag, of Walston, had an experience with sharpers in New York, which was in some respects like that of Geo. H. Burnett, the North End shoe-maker. A stranger scraped an acquaintance with him and then proposed to give him a book of which he had an extra copy.

They went to the place where the book was said to be, and a lottery scheme was explained to Mr. Dag. He refused to play, but ate several apples that his new friend gave him. After that he says he felt "duped" and doesn't know exactly what happened, except that he parted with a check for \$50 that he had received from a New York business man. Payment on the check has been stopped, and the man in whose possession it is threatened.

Mr. Dag had a similar experience a few years ago.

A GOOD ENTERTAINMENT.

Given by the With Comedy Company at the Casino.

The Frank M. Wills Company gave an entertainment of special interest with a great plot about them to an audience which filled the Casino, Thursday night, nearly every seat being taken. The entertainment was varied and of a very fair order, and the company will doubtless draw big houses the remainder of the week. The dancing was a feature of the show, and the company had several good singers. Frank M. Wills, the German comedian, was very funny.

Struck by a Dog That May Have Been Mad.

A water spaniel belonging to Frank Dwyer, of Port Jervis, was at Mr. Dwyer's, Wednesday evening, and bit him on the finger. A month afterwards he flew at Mr. Dwyer's sister, Mary, and bit her on the hand. For two hours after inflicting the bite the dog barked and foamed at the mouth and then it was killed. Some anxiety is felt, for it is feared that the dog may have been mad.

Killed by Falling Down Stairs.

Miss Mary Brinck, sixty-two years of age, fell down the cellar stairs in the house of her sister, Mrs. N. G. Eels, in Walton, Saturday evening. She was dead when found, some twenty minutes after the accident occurred. It is not known whether she was killed by the fall or suffocated while unconscious from the effects of an injury to her head.

THE SHIPWRECKED SAFE IN PORT.

Rescued Steamers Stood by the Disabled Rosemore for Sixty Hours Before the Last Man Could Be Taken Off.

BY ASSOCIATED PRESS.

New York, Feb. 17.—The Dutch oil tank steamer Rotterdam arrived, today, from Rotterdam and brought into port forty-two shipwrecked people whom she had rescued from the Johnson line steamer Rosemore, which was abandoned in mid-ocean in a sinking condition.

The Rosemore left Liverpool, Jan. 23, for Baltimore. Almost from the outset she encountered terrific gales and mountainous seas, and the vessel was so pounded that the captain decided to abandon her at the first opportunity.

Feb. 6th, the British steamer Trojan bore in sight, answered the Rosemore's signals and succeeded in taking off nine men, but the weather prevented further rescue. The same day the Rotterdam bore down, and although the gale was blowing furiously, succeeded in taking off twenty-three of the crew. The Rotterdam stood by for sixty hours before the final rescue was effected. On Feb. 8, the remainder of the crew, nineteen in number, were taken off and the Rosemore abandoned.

THREE FIREMEN KILLED.

Struck by Iron and Stone Which Fell Upon Them—Five Other Injured.

BY ASSOCIATED PRESS.

PHILADELPHIA, Feb. 17.—About 3 a. m. while a dozen firemen were working in the ruins of the store of the Emerson Shoe Co., which was burned in last night's big fire a mass of iron and stone crashed down from the upper floors burying the men beneath it. Three firemen were killed: William Chance, Hugh Duffy, George W. Bunkle. The body of Chance was recovered, but three of the others are still in the ruins.

When the three men were first buried under the debris they answered the shouts of their companions, but the answering cries soon ceased and the unfortunate undoubtedly met death by suffocation. Five other firemen were injured, two seriously.

New York, Feb. 17.—At the Mr. Adams poisoning inquest, today, Patrick Flanagan, assistant instructor at the Knickerbocker Club, told the story of Corneek's receipt of the bottle and holder by mail.

He said he was sure the bottle was a regular bromo-wellner bottle and that it was the holder's story.

A bromo-wellner bottle was then shown witnesses, but it would not fit the holder.

TRACTION COMPANY HAS SAND

Opened the Road to Midway Park to Get It—May Reach State Hospital Today.

The Traction Company got a car through to Midway Park, Thursday afternoon, and today it has sand—lots of sand, all the sand it needs for use on its tracks. The supply was running short, and since even Receiver Royce cannot run an electric road without sand the white-plow's nose was turned toward Midway. The road was opened without any very serious trouble.

During the night the plow bucked the banks on the State Hospital line, but only got as far as Lake avenue.

This afternoon, the receiver is hauling the flat car, and the big plow is on the hill trying to get through to the State Hospital. When this is done the line from Midway Park to Goheen will be opened.

Receiver Royce's application for permission to issue a receiver's certificate in order to raise money to pay for the removal of the snow will come before the court, Monday.

LATER.—At 3:30 o'clock, Assistant Superintendent Gausman telephoned that the Hospital line was open to Rondell street, and the North street line to the North End.
